ACH Origination Services

A secure electronic payment processing solution

Why choose Macatawa Bank's ACH Origination Services?

Macatawa Bank's ACH Origination Services can save your organization time and money by safely and securely converting paper-based transactions to electronic payments. Whether your organization is considering electronic payments to accept a one-time payment or, as a reliable system for automating reoccurring payments, consider ACH Origination for a more convenient and efficient solution. In addition, your company will reduce payment processing costs and accelerate cash flow with electronic payments.

Product Description

Macatawa Bank's ACH Origination Services provide your organization with the ability to convert paper-based transactions to electronic payments including:

ACH Disbursements

Cut costs and reduce your exposure to fraud with electronic payments using:

- Direct deposit of payroll
- Tax payments
- Vendor-to-business payments
- Corporate contributions to 401Ks, flex spending accounts, etc.

ACH Collections

Eliminate paper-based payments from vendors and customers improving your cash flow using:

- Association/club membership dues
- Charitable donations
- E-Tithing
- Insurance payments

How it works

The Automated Clearing House (ACH) is a nationwide electronic funds transfer system offering a secure network for financial institutions to transfer electronic payments. ACH allows companies to make and receive payments electronically without the use of paper checks, eliminating trips to the Bank, savings you time and money. With Macatawa Connect Internet Banking you can conveniently originate ACH transactions without leaving your desk.
